## PORTRAIT OF A RELAXED ARTIST (P. Donini 2007)

---

*di Paolo Donini*

You blow  
in your blade of grass, you don't have  
that this.  
Are  
under the olive tree of the day, lying,  
you do not do any thing  
to be nothing.

*Yet I flew  
but I liked the flight  
the planar, that being me too  
driven by nothing  
who kept me to himself,  
because, you see – you say –  
the wind sways  
everything and believe  
to live.*
